Agriculture, Ecosystems and Environment, 47 (1994) 353–354
Elsevier Science Publishers B.V., Amsterdam

Author Index

Ahmad, A.R., *see* Ismail, B.S., et al.
Auld, B.A.
Emergence and flowering in *Xanthium spinosum* 215
Bishnoi, N.R., Dua, A., Gupta, V.K. and Sawhney, S.K.
Effect of chromium on seed germination, seedling growth and yield of peas 47
Bredemeier, M., *see* Lükewille, A., et al.
Carlgren, K., *see* Mårtensson, A.M., et al.
Charlet, L., Dise, N. and Stumm, W.
Sulfate adsorption on a variable charge soil and on reference minerals 87
David, M.B., *see* Rustad, L.E., et al.
De Ruiter, P.C., *see* Marinissen, J.C.Y., et al.
Dighton, J., *see* Shaw, P.J.A., et al.
Dise, N., *see* Charlet, L., et al.
Dua, A., *see* Bishnoi, N.R., et al.
Farshad, A. and Zinck, J.A.
Seeking agricultural sustainability 1
Fernandez, I.J., *see* Rustad, L.E., et al.
Fuller, R.D., *see* Rustad, L.E., et al.
Gosse, F., *see* Quilleré, I., et al.
Gupta, V.K., *see* Bishnoi, N.R., et al.
Gustafsson, J.P., Jacks, G., Stegmann, B. and Ross, H.B.
Soil acidity and adsorbed anions in Swedish forest soils—long-term changes 103
Gutman, M., *see* Henkin, Z., et al.
Halteman, W.A., *see* Rustad, L.E., et al.
Henkin, Z., Noy-Meir, I., Kafkafi, U., Seligman, N. and Gutman, M.
Soil phosphorus in a managed Mediterranean woodland ecosystem: herbage response and cattle grazing effects 299
Huang, L., Murray, F. and Yang, X.
Interaction between mild salinity and sublethal SO_2 pollution on wheat (*Triticum aestivum* cultivar 'Wilgoyne' (Ciano/Gallo)). II. Accumulation of sulphur and ions 335
Ismail, B.S. and Ahmad, A.R.
Attenuation of the herbicidal activities of glufosinate-ammonium and imazapyr in two soils 279
Jacks, G., *see* Gustafsson, J.P., et al.
Kafkafi, U., *see* Henkin, Z., et al.
Katinakis, P., *see* Vokou, D., et al.
Katzensteiner, K., *see* Kazda, M., et al.
Kazda, M. and Katzensteiner, K.
Factors influencing the soil solution chemistry in Norway spruce stands in the Bohemian Forest, Austria 135
Kostka-Rick, R. and Manning, W.J.
Dynamics of growth and biomass partitioning in field-grown bush bean (*Phaseolus vulgaris* L.), treated with the antiozonant ethylenediurea (EDU) 195
Lükewille, A., Bredemeier, M. and Ulrich, B.
Input–output relations of major ions in European forest ecosystems 175
Manning, W.J., *see* Kostka-Rick, R., et al.
Marie, D., *see* Quilleré, I., et al.
Marinissen, J.C.Y. and De Ruiter, P.C.
Contribution of earthworms to carbon and nitrogen cycling in agro-ecosystems 59
Mårtensson, A.M. and Carlgren, K.
Impact of phosphorus fertilization on VAM diaspores in two Swedish long-term field experiment 327

Morot-Gaudry, J.F., *see* Quilleré, I., et al.
Murray, F., *see* Huang, L., et al.
Nodvin, S.C., *see* Rustad, L.E., et al.
Noy-Meir, I., *see* Henkin, Z., et al.
Persson, T. and Wirén, A.
Effects of experimental acidification on C and N mineralization in forest soils 159
Poskitt, J., *see* Shaw, P.J.A., et al.
Prudencio, C.Y.
Ring management of soils and crops in the West African semi-arid tropics: The case of the mossi farming system in Burkina Faso 237
Quilleré, I., Marie, D., Roux, L., Gosse, F. and Morot-Gaudry, J.F.
An artificial productive ecosystem based on a fish/bacteria/plant association. 1. Design and management 13
Rajasekhar Reddy, B. and Sethunathan, N.
Mineralization of p-nitrophenol in the rhizosphere of rice 313
Rangaswamy, V., Reddy, B.R. and Venkateswarlu, K.
Activities of dehydrogenase and protease in soil as influenced by monocrotophos, quinalphos, cypermethrin and fenvalerate 319
Reddy, B.R., *see* Rangaswamy, V., et al.
Robinson, J.S., Sharpley, A.N. and Smith, S.J.
Development of a method to determine bioavailable phosphorus loss in agricultural runoff 287
Ross, H.B., *see* Gustafsson, J.P., et al.
Roux, L., *see* Quilleré, I., et al.
Rustad, L.E., Fernandez, I.J., Fuller, R.D., David, M.B., Nodvin, S.C. and Halteman, W.A.
Soil solution response to acidic deposition in a northern hardwood forest 117
Sawhney, S.K., *see* Bishnoi, N.R., et al.
Seligman, N., *see* Henkin, Z., et al.
Sethunathan, N., *see* Rajasekhar Reddy, B., et al.
Sharpley, A.N., *see* Robinson, J.S., et al.
Shaw, P.J.A., Dighton, J. and Poskitt, J.
Studies on the mycorrhizal community infecting trees in the Liphook Forest fumigation experiment 185
Simane, B. and Struik, P.C.
Agroclimatic analysis: a tool for planning sustainable durum wheat (*Triticum turgidum* var. durum) production in Ethiopia 31
Smith, S.J., *see* Robinson, J.S., et al.
Stegmann, B., *see* Gustafsson, J.P., et al.
Stein, A. and Van Breemen, N.
Time series analysis of changes in the soil solution: Evidence for approach to nitrogen saturation in Dutch forest soils 147
Struik, P.C., *see* Simane, B., et al.
Stumm, W., *see* Charlet, L., et al.
Ulrich, B., *see* Lükewille, A., et al.
Van Breemen, N., *see* Stein, A., et al.
Vareltzidou, S., *see* Vokou, D., et al.
Venkateswarlu, K., *see* Rangaswamy, V., et al.
Vokou, D., Vareltzidou, S. and Katinakis, P.
Effects of aromatic plants on potato storage: sprout suppression and antimicrobial activity 223
Wirén, A., *see* Persson, T., et al.
Yang, X., *see* Huang, L., et al.
Zinck, J.A., *see* Farshad, A., et al.
